

# Dedham Natural Wonders Presents the Second Annual **Dedham BioBlitz**

**Friday July 13 & Saturday July 14, 2012**

Interact with naturalists as they race to find and identify as many species of flora and fauna in Dedham as they can in 24 hours. Learn about the birds, plants, insects, lichens, fungi, mammals, fish, reptiles and amphibians that live in Dedham.

## **Friday July 13<sup>th</sup>**

**6PM: BioBlitz begins!** Join us for a guided nature walk beginning at the Rashi School on the NewBridge on the Charles campus.

## **Saturday July 14<sup>th</sup>**

**10AM - 5PM: BioBlitz continues at the Dolan Center (269 Common Street, Dedham)**

**11AM:** Presentation and book signing by **Melissa Stewart**, award-winning author of more than 150 science books for children. A selection of Melissa's books will be available for purchase, including **A Place for Frogs**, **A Place for Butterflies**, and other titles.

**1PM: Birds of Prey!** The **Blue Hills Trailside Museum** will bring birds of prey to the Dedham BioBlitz; birds whose habits usually make it impossible to see them up close.

Identify plants using **Go Botany**, a new online field guide from **The New New England Wild Flower Society**. Several plant ID workstations will be available throughout the day.

Dedham Natural Wonders is grateful to the **Dedham Land Trust** for their generous support of the Dedham BioBlitz.

**DEDHAM LAND TRUST**  
LIVING SPACE - FOR FUTURE GENERATIONS
